HOW TO ARRIVE FOR YOUR CROWN ASSESSMENT

All clients must arrive with freshly washed hair or locs, cleansed within 24 hours of the appointment and completely dry. Avoid heavy oils, creams, gels, and styling products that may interfere with an accurate assessment.

Loose Natural Hair: Hair must be thoroughly detangled and free of protective styles.

Traditional Locs & Microlocs: Locs must be clean, completely dry, worn down, and free of styles. Roots must be separated, without tangling, matting, or joined locs.

Please note: Your Crown Assessment is for evaluation and service planning only. Shampooing and styling services are not included.

All new and transfer clients must complete the Crown Intake Form and receive approval before booking. After approval, a private booking link is provided. Booking invitations are valid for 24 hours unless otherwise stated; payment confirms the appointment.
